

ROLE OF THE IQAC COORDINATOR

- Ensuring that the institution complies with regulatory requirements and accreditation standards.
- Preparing and submitting the Quality Assurance Report (QAR) to regulatory bodies and accreditation agencies.
- Coordinating the preparation of the Self-Accreditation Report (SAR) for accreditation purposes.
- Ensuring the timely and effective implementation of decisions taken by the IQAC.
- Organizing and coordinating quality assurance activities such as audits, evaluations, and assessments.
- Coordinating and monitoring the implementation of the institution's strategic plan.
- The IQAC Coordinator is also responsible for liaising with regulatory bodies and accreditation agencies and preparing reports and documentation to demonstrate the institution's compliance with quality standards.
