## About the College

GNIOT Group of Institutions, was established by the visionary industrialist, Late Shri Krishan Lal Gupta, who has made notable contributions to business, academia, research, government, and society at large. GNIOT Institute of Management Studies(GIMS), Greater Noida, a PGDM flagship programme of GNIOT Group of Institutions is one of the leading PGDM colleges in the NCR region. GIMS, Greater Noida offers the Post Graduate Diploma in Management (PGDM), which is approved by AICTE (All India Council for Technical Education) under the Ministry of Education, Government of India. Our program is also accredited by HLACT United Kingdom (UK). The PGDM at GIMS opens up a world of opportunities for students, emphasizing holistic development through an interdisciplinary approach to teaching, learning, and research. At GIMS, we strive to recognize and nurture the potential of each student, providing them with the best preparation and training to achieve their career aspirations and life goals. Our goal is not only to produce skilled professionals but also to cultivate responsible and worthy citizens who contribute to the progress and development of our great nation. Fostering the entrepreneurial intent, focusing on delivering a holistic and futuristic education, GIMS has become the most sought after name in the realm of management education. The institute has various national and international collaborations and MoUs to its credit, to name a few are academic partnership with IIM Bangalore, NSUS, Shreveport, USA, University of Dubai, De MontFort University, Dubai Campus, Financial University of Russia NHRDN, ATAL Incubation Centre, BIMTECH, and YUVA, CII.

## About the Conference

ICISSEM is dedicated to exploring and advancing solutions that integrate scientific innovation, sustainable practices, engineering excellence, and strategic management. The conference aims to address the pressing challenges of our time by promoting inclusivity and equitable growth across all sectors of society. The conference offers the opportunity to engage, participate, and gain insights into cutting-edge research and practical applications in the engineering, management, science, innovations with sustainability and inclusivity at the core. ICISSEM will catalyze meaningful progress towards a more inclusive and sustainable future. We encourage you to take full advantage of the networking opportunities and collaborative spaces provided, as we work together to build solutions that benefit all. So, we need research contribution in various disciplines of management education, business research, engineering, science and industry. Research papers are invited from the researchers, academicians, research scholars, practitioners from industry, members of professional bodies and students for contribution on the theme of the conference and various tracks are mentioned in the document.
